

Hey Kids!

Check out our digital comic,
*Immunity Warriors: Invasion
of the Alien Zombies*
in the app and on the web at
www.immunitywarriors.com

“

This app is amazing.

Easily store and record each immunization. It also identifies the date my kids are due for their next immunization, or if they are overdue for one. Wish this was around years ago.

– Mother of 2,
Ottawa

”

CANImmunize was developed in 2014 by senior scientist **Dr. Kumanan Wilson** and his team, the Ottawa Hospital mHealth Lab, to empower Canadians to better manage their own health using technology.

We would like to hear from you.
